	<u>Tuition Rate</u>	<u>Ratio Teacher:Children</u>

Children move up from one level to the next as they are developmentally ready, which generally falls close to the above listed chronological dates. A semi-annual conference with your child's teacher will keep you informed of your child's readiness for the next level.

A half day program is available at each level for a discount of \$200/month. The half day program ends after lunch and before nap (a slightly different time for each group, generally around noon)
